## Make the Cut

Not all haircuts are created equal. No one knows that better than Artur Kirsh, whose swank Rittenhouse cut-and-color, **The Studio CL**, is one of the top salons in Philadelphia for dry-hair cutting. Kirsh recently lured stylist Johnny Wojtanowicz, who has wielded scissors at The Salon at Wynn Las Vegas and holds a permanent post at New York's Eiji salon, to join the team here. "The dry cut gives the hair a softer, more natural, more beautiful look," says Wojtanowicz. The other advantages of dry cutting? In addition to seeing the cut being shaped while hair is dry, trims are only needed twice a year. Get your style perfected by Wojtanowicz on the last Friday or Saturday of every month.
